Item No. 5 : Permanent Secretariat – Formal Registration process

Item No. 6 : Permanent Secretariat – Formal Registration process – Proposed Structure of the Permanent Secretariat

Item No. 7 : Proposed Structure for requesting financial Support from APMCHUD Member Countries

The items 5, 6 and 7 were taken up together.

The Chairperson indicated with the adoption of the Tehran Declaration and also the “Action Plan for Regional Cooperation on Promoting Sustainable Urban Development among Asia Pacific Countries”, it is necessary to undertake various activities in a focused manner. Thanking the Government of India for the necessary support provided for the Secretariat in New Delhi, he emphasized that the Secretariat needs to
be strengthened to effectively undertake the activities envisaged. The Chairperson pointed out that actions need to be initiated in the five major key areas identified in the Action Plan namely, Urban and Rural Planning and Management, Urban Slums Upgrading, Delivery of Millennium Development Goals for water and Sanitation, Financing Sustainable Housing – Enhancing affordability and Quality of Low Income Housing, and Sustainable Urbanization. The Chairperson desired the Chief Coordinator to elaborate on the items.

The Chief Coordinator indicated that the three items primarily relate to the strengthening of the Secretariat. He indicated that the item No.5 related to the formal registration process of the Secretariat. He indicated that this is an urgent necessity as international and multilateral Institutions would like to deal with only formal institutions and as such to move forward with the various initiatives, completion of the formal registration process of the Secretariat is an urgent necessity. He indicated that the item has three resolutions for consideration of the Bureau relating to authorizing the Chief Coordinator to take necessary actions for the registration of the Secretariat, adoption of the MoU on the establishment of the Secretariat and to authorize the Chief Coordinator to open a bank account for APMCHUD and operate the same within the approved budget by the Bureau. In regard to the MoU, he indicated that the same has been finalized based on SAARC and ECO Institutional models, and has been suitably modified as per the requirement of the APMCHUD. He further indicated that it inter-alia specifies the role of the secretariat, its structure, appointment of various personnel and their powers, salaries and also the funding and budget.

While elaborating on the item 6, he indicated that the requirements of personnel at various levels has been made based on the five focus areas identified in the action plan and along with the requirement of support staff identified, the requirement of funds for the personnel in the secretariat based on the UN system of staff costs has been estimated.

Similarly he elaborated on the item No.7 on `proposed structure for requesting financial support from APMCHUD member countries’. He indicated that firstly the UN model has been studied in which the various countries have been allocated percentage of contributions. From the same, the contributions for the Asia Pacific Countries alone were quantified and proportionately reapportioned among the Asia Pacific countries.

He further indicated that this item was deferred in the 2nd meeting, and has been accordingly incorporated for consideration in this meeting (3rd) of the Bureau.

Adding further, the Chairperson indicated that in the above what has been finalized and fixed is the location of the secretariat at New Delhi, and he would like to view the entire exercise in terms of the need to finalise the structure, role or terms of reference
for the Secretariat and the method of funding the cost of the secretariat.

H.E. Mohammad Yusuf Asy'ari, Minister for Public Housing, Republic of Indonesia appreciated the concern for formalizing the Institutional arrangement in full early so that the activities are initiated earliest. Appreciating the initial efforts made in this regard by the Secretariat in making a draft proposal, he opined that a further clarity on the role and benefits to various participating countries need to be thought of.

H.E Mr. Rahamatullah Kakar, Federal Minister of Housing and Works, Islamic Republic of Pakistan indicated that while he is in agreement with the urgent need to strengthen the Secretariat, there is a need to deliberate in detail on this aspect. HE Mr. Iftikhar Arain, High Commissioner of Pakistan at Nairobi felt that the basic activities that would be handled by the secretariat need to be firmed up. He opined that the proposed structure in terms of number of and level of personnel may be on the higher side for the Bureau secretariat. He also opined that items of this nature may have to be considered and decided at the level of the APMCHUD and not by the Bureau. He strongly felt that initially the Secretariat should be a focused and compact with primarily undertaking coordinating activities with only a few technical personnel which may be considered for expansion at a later stage in relation to expansion of the Secretariat’s activity levels.

H.E. Mr Gevorgjan Karlen, Deputy Minister for Urban Development, Republic of Armenia agreed with the need to urgently strengthen the Secretariat. However, he desired that more time and consultation is required on this critical aspect.

H.E. Dr. Ketan Shukla, Dy. High Commissioner of India at Nairobi emphasized the need to have a strong Secretariat to effectively deliver the results in line with the anticipations in the Tehran Declaration. He suggested that urgent actions are needed and these aspects need urgent and careful consideration.

The Chairperson thanked all the Members for their valuable views and inputs on these critical issues. He agreed with the views of the members and reiterated that the aspects to be considered primarily relate to the activities to be undertaken by the Secretariat, the structure of the Secretariat and contributions to be made by the participating members.

His Excellency, the Chairperson indicated that the permanent secretariat should be smaller in size, but efficiently run with relatively lower cost. Its TOR generally should include data gathering and information dissemination, setting an information and documents database, creating progressive communication among Member Countries and doing follow-up activities on the decisions and approvals made in conferences and bureau meetings. The permanent secretariat is recommended to prepare its new proposal based on the abovementioned issues and send it to the Bureau Members as soon as possible. The proposal will be discussed and prepared for the final approval during the Fourth Bureau Meeting held in Jakarta, Indonesia to be raised in the Third APMCHUD.
Item No. 8: Suggestions for organization of a Regional Conference on Slum Development in Mumbai

The Hon'ble Vice Minister for Housing & Urban Development, the Islamic Republic of Iran HE Abolfazl Mousavi indicated that it is time to move further in line with the action plan strategies outlined in the Tehran Declaration of APMCHUD. Towards the same, it would be a good opportunity to organize a regional workshop for sharing of experiences and best practices in the field of slum development. In this regard, the Hon'ble Minister indicated that a proposal has already been formulated for holding such an event in Mumbai, India and a brief proposal has also been circulated in the meeting. The Hon'ble Minister desired to know the views of the Members.

Appreciating the initiative of the Government of the Islamic Republic of Iran, the Hon'ble Minister from Indonesia indicated that the schedule of such event may need to be finalized keeping in view the proposed dates of the APMCHUD III conference in Indonesia, so that there is an adequate time gap between the events to facilitate a wider participation from all the member countries.

The Hon'ble Federal Minister for Housing & Works, Islamic Republic of Pakistan HE Rahamatulla Kakar appreciated the timely initiative and felt that APMCHUD should initiate further such activities.

The Chairperson agreed with the suggestion of Indonesia that the dates be kept accordingly, though the Regional Workshop is expected to be on a relatively limited scale, and that actions towards the same be initiated.

It was decided that the secretariat would interact with the Government of Iran to finalise the date(s) for the event keeping in view the points discussed.

The Chief Coordinator briefed the Bureau on the proposal of UN-ESCAP to hold the Asia Pacific Urban Forum in conjunction with the APMCHUD III at Indonesia in 2010.

The Chairperson indicated that this is a very positive development and requested the representative from UN-ESCAP to share the details of the proposal with the members.

The details of the proposals were presented by Ms Karin Andersson, Associate expert, Sustainable Urban Development Unit, Environment & development Division, UN-ESCAP. Ms Andersson indicated that UN-ESCAP has been holding the Asia Pacific Urban Forum focusing on the critical issues faced by the region in the sector. Highlighting that four such events have been held so far, and that such events have focused on evolving approaches and action plans towards
effectively addressing the critical issues in the region. In this regard, she suggested that initiatives could be synergized through a collective effort, and the proposal of the UN-ESCAP is for organizing the next Asia Pacific Urban Forum at Indonesia along with the APMCHUD III. This is felt more appropriate as, such a collective effort would involve, broadly, similar profile of participants. Ms Andersson also felt that the organization of the Asia Pacific Urban Forum could either be in the form of a one-day event preceding the Ministerial Conference or could be merged with the Conference on thematic basis. She indicated that UN-ESCAP would be happy to incorporate the views and suggestions on the various mode and method of organisation of the event.

Appreciating the gesture of UNESCAP, the Hon'ble Minister from Indonesia indicated that the proposal is welcome and the details need to be further worked out for an effective partnership.

Appreciating the initiative of UN-ESCAP, Dr Markandey Rai, Coordinator, Global Parliamentarians, UN-HABITAT indicated that UN-HABITAT is the designated agency in the UN system for urban issues and accordingly felt that the UN-ESCAP may route the proposal for holding the proposed Asia Pacific Urban Forum event through UN-HABITAT. He further indicated that the territorial jurisdiction of UN-ESCAP does not cover the entire APMCHUD member countries. Further Dr Markandey Rai suggested that the timing need to be in line with the upcoming WUF-V at Rio-de-Janeiro in March 2010 so that its outcome could form input for the WUF-V. He advised that the UN-ESCAP may get in touch with the Fukuoka Office of UN-HABITAT in this regard.

Appreciating the gesture of the UN-ESCAP on the offer to host the event in collaboration with APMCHUD, the Chairperson recommended that a joint meeting should be held among UN-ESCAP, UN-HABITAT and the Government of Indonesia to discuss the suggestion in a way not to have a negative effect on the Third APMCHUD.

Item No.10: Follow-up activities in respect of the Regional Working Group for Urban Slums Upgrading

The Hon'ble Vice Minister for Housing & Urban Development, the Islamic Republic of Iran HE Abolfazl Mousavi briefed the Bureau regarding constitution of the Regional Working Group for Urban Slums Upgrading in line with the Action Plan by the Islamic Republic of Iran. He highlighted that it was further required for member countries to nominate representatives on the Regional Working Groups. In view of the Regional Working Group for Urban Slums Upgrading having been constituted, the Chairperson requested the members to nominate their National Committee’s representatives on the Regional Working Group. The members countries were requested to forward the nominations to the Secretariat of APMCHUD and also to the Islamic Republic of Iran at the earliest, so that the activities are initiated by this Regional Working Group.
Item No. 11: **Any other item with the permission of the Chair.**

A presentation on Solo, the host city of APMCHUD III was made by the Worshipful Mayor of Solo, Mr. Jokowidolo. The Members were appreciative of the efforts being made by the Government of Indonesia as well as the Solo City Council for the successful organization of the event. H.E. Mohammad Yusuf Asy’ari, Minister for Public Housing, Republic of Indonesia extended an invitation to all the Hon’ble Members and participants in the meeting to attend the APMCHUD III at Solo, Indonesia.

**Background:**

The first Bureau of APMCHUD had decided on the framework for the Secretariat which was adopted in the 2\textsuperscript{nd} Meeting of the Bureau held at Amman, Jordan during 27-28 October, 2007. As per the adopted framework, the primary roles for the Secretariat were listed as under:

- Providing technical advice to the Conference, Bureau and member countries
- Knowledge and documentation centre of APMCHUD
- Carrying out technical administrative functions of APMCHUD & Bureau
- Developing systems and processes for efficient working of APMCHUD
- Representing, & signing official documentation as mandated
- Developing plan programme and projects for APMCHUD
- To engage in activities and contacts in support of the member countries in order to facilitate financing of agreed projects and activities through international financial organizations, investors and donors;
- Developing and Building Capacity for APMCHUD
- Preparing background documents for members of Bureau
- To serve as the custodian of all documentation and archives of APMCHUD;
- Maintaining a relationships with Governments, multilateral institutions, other support structure
- Maintaining database on the areas of work of APMCHUD
- Facilitating Technical assistance to member countries
- Planning and arranging country or regional visits
- Recruiting and sourcing expert services on urban development
- Collation and dissemination of innovative construction methodologies, methods of financing, sources of financing including public-private partnerships and government subsidies with particular reference to extending affordable housing to the low income population.
- Coordinating the organization of the APMCHUD Conference with the member country, wherever the APMCHUD conference is scheduled to happen.
- To serve as the permanent channel of communications and coordination among Member countries in all areas related to APMCHUD’s agreed programmes and activities through all means available to it; in this context also to provide practical information to the Member States on procedural matters and all other fields as may be needed.
- To carry out such other functions and duties as may be assigned to it by the Bureau and the APMCHUD.

Further, during the 2\textsuperscript{nd} Conference of the APMCHUD held at Tehran on 14\textsuperscript{th} May, 2008, Tehran Declaration and Action Plan for Regional Cooperation on promoting Sustainable Urban Development among Asia-Pacific countries were adopted wherein it was agreed that APMCHUD should focus into the 5 major areas namely:
1. Urban and Rural Planning & Management
2. Urban Slums Upgrading
3. Delivery of Millennium Development Goals for water and Sanitation
4. Financing Sustainable Housing – Enhancing affordability and Quality of Low Income Housing
5. Sustainable Urbanization

Based on the above, the staffing pattern for the permanent secretariat was proposed in the 3rd Meeting of the Second Bureau of APMCHUD vide Agenda Item No. 6, held at Kenya Nairobi. (copy of the Agenda Items are enclosed at Annexure ‘B’).

**Decisions at the 3rd Meeting of Second Bureau held at Nairobi:**

While deliberating on the Agenda Item for the structure of the Secretariat, the Bureau had detailed deliberations and had decided that initially the role of the Secretariat should primarily be:

1. Establishment of a knowledge bank for use of all the member countries on housing and urban development related aspects
2. Enable interaction and facilitate inter-linkages among the member countries for experience sharing as well as facilitating collaborative efforts
3. Follow up the initiatives agreed upon in the APMCHUD as well as the Bureau

It was also decided that the proposed structure of the Secretariat may accordingly be reworked and put up to the Bureau in its next meeting.

**Proposed Structure of the Secretariat**

Based on the decision of the Bureau in its 3rd Meeting at Nairobi, the initial structure of the Secretariat has been proposed with skeletal staffing as required to deal with the 3 major activities decided by the Bureau, which could be further enhanced based on the growth and requirements at subsequent stages. The level of the Chief Coordinator earlier proposed at USG/ASG/DII has been proposed to be maintained at D1 at this stage. The Chief Coordinator would be supported by 2 Technical Experts at P4 level, wherein one technical expert would deal with the knowledge management issues for the APMCHUD while the other would be responsible for coordinating networking and follow up actions of the decisions of the Bureau.

The Chief Coordinator and Technical Experts would be supported by a small group of support staff for administration, secretariat and finance functions besides a driver.
The appointment of the Chief Coordinator and Technical experts would be based on the principles as per the earlier Agenda Item relating to the “Formal registration Process for the Permanent Secretariat”. the relevant extract of which is re-produced below:-

- The Chief Coordinator shall be appointed by the Bureau and shall be ratified by the APMCHUD.
- The appointment of the Chief Coordinator shall be for a period of five years renewable for another term by the Bureau.
- The Chief Coordinator shall employ such Professional and General Service staff as may be necessary for the functioning of the Secretariat.
- The Professional staff and the General Services staff shall be nationals of the member states recruited through open competition after advertisement and shall be appointed by the Chief Coordinator.
- The Professional staff and the General services staff, on completion of one year's probation shall be confirmed in their appointments.
- The appointments shall be subject to the proviso that no objection is raised by their respective governments.

The proposed Organization Chart for the permanent secretariat is enclosed at Annexure ‘B’. The estimated staffing cost for the proposed organization structure based on the norms of UN is placed at Annexure ‘A’ alongwith relevant extract of the UN remuneration tables for the cadre.

As may be seen, the estimated annual staffing cost works out to the order of US $ 348,035/-. However, other administration and logistic cost for office, space, equipment, travel etc. would be additional. Currently, the Government of India is providing the services of the officials for coordinating the activities of the Bureau of APMCHUD since 2006 alongwith the space and other logistic requirements for the office of the Secretariat.

Towards meeting the costs of the Secretariat, it would be essential to create a corpus of funds for sustaining the Secretariat and for taking up programmes as may be decided by the APMCHUD.

The Bureau may consider.

Annexure ‘B’
Item No. 6 : Proposed Structure of the Permanent Secretariat

In line with the Tehran Declaration and Action Plan for Regional Cooperation on promoting Sustainable Urban Development among Asia-Pacific countries, it is proposed that the permanent Secretariat may have 5 main sections comprising of the identified sub-themes for the second conference of APMCHUD, namely :-

1. Urban and Rural Planning & Management
2. Urban Slums Upgradation
3. Water & Sanitation
4. Financing Sustainable Housing
5. Sustainable Urbanisation

It is proposed that each section may have 2 Technical Experts at the level of P4/P5 of the UN system and each group could be supported by exclusive Secretarial assistance. The permanent Secretariat could be headed by the Officer in D1/D2 scale of the UN and could be supported by an Executive Assistant. For office administration, an officer in the level of NO-D could be appointed who could be supported by a finance clerk in the level IV. The entire office set up could be serviced by 1 driver, 2 messengers/peons. The typical organization chart of the proposed permanent Secretariat is enclosed. Based on the present level of remuneration of the UN system, the annual expenditure of the set up would be about US $ 1,322,754.00. The calculations in this regard are also enclosed.

In the initial phase, it is proposed to have 1 Technical Expert in each section which after few years could be expanded to the proposed level.

The Bureau may consider the above organization of the permanent Secretariat based on which the detailed budget and other financial requirements would be worked out and place before the Bureau in its subsequent meetings.

The Bureau may consider.

**Item No. 4 : Permanent Secretariat – Formal Registration process**

In the 3rd meeting of the Bureau held at Nairobi on 29th March, 2009, this item was considered, along with the proposal for the structure of the Permanent secretariat.

The proposed item on Structure is already placed in the Agenda for the meeting and since the formal registration process is an integral part for effective functioning of APMCHUD, the item on Formal Registration Process is resubmitted for consideration of the Bureau.

The Bureau may consider.
Item No. 3: **Permanent Secretariat – Formal Registration process**

For effectively operationalising the Permanent Secretariat of the Bureau of the APMCHUD, a formal process of registration etc. needs to be taken up in line with the prevailing regulations and legal requirements. In this regard, the Secretariat had sought the advice of UN-Habitat for suggestions on the process being followed for formalizing for such inter-governmental bodies as may have been done in the case of AMCHUD or the set up in Latin America namely Minurvi or any such body. Action in this regard would be taken by the Secretariat as per the advice of UN-Habitat and other legal requirements.

Towards facilitation of the same, it is proposed that the Bureau may adopt the following resolution:

"The Bureau in its meeting held on ____________ resolved that the Chief Coordinator of the Bureau of APMCHUD is authorized to take all necessary actions for registration of the Permanent Secretariat and to take all other action as may be necessary to be taken up in this regard".

The Secretariat has drafted a Memorandum of Understanding on the establishment of the Secretariat in line with the similar Memorandum of Understanding entered into by the constituents of SAARC. The MOU needs to be adopted by the Bureau for filing the same with the relevant authorities for the formal registration process. A copy of the same, which is in line with the framework for the Secretariat already adopted by the APMCHUD, is enclosed. A copy of the Memorandum of Understanding of SAARC is also enclosed. In this regard, the Bureau may consider adopting the following resolutions:

"The Bureau adopted the MOU on the Establishment of the Secretariat. The Chief Coordinator is hereby authorized to take any further action as may be required for filing the same with the relevant authorities."

Further, towards meeting day-to-day requirements, a bank account would also need to be opened at New Delhi. Towards the same, the Bureau may also adopt the following resolution:

"The Bureau authorized the Chief Coordinator of the Permanent Secretariat, Mr. Sunil Kumar Singh to open a bank account in the name of APMCHUD wherein the Chief Coordinator would also be authorized to operate the account and have the authority for signature on cheques and other documents would be with the Chief Coordinator for payments within the approved budget by the Bureau."

The Bureau may consider adopting the above resolution.

Item No.5 : Proposed Structure for requesting financial Support from APMCHUD Member Countries

In the 3rd meeting of the Bureau held at Nairobi on 29th March, 2009, this item was considered, along with the proposal for the structure of the Permanent secretariat. It was decided that the permanent secretariat would prepare its new proposal for the structure based on the various issues discussed.

The proposed item on Financial Support is already placed in the Agenda for the meeting and since the financial support is an integral part for effective functioning of APMCHUD, the item on Financial Support from APMCHUD Member Countries is resubmitted for consideration of the Bureau.

The Bureau may consider.
Item No. 7 : Proposed Structure for requesting financial Support from APMCHUD Member Countries

As agreed during the last meeting of the Bureau held at New Delhi on 13th October, 2008, the Bureau decided that the issue could be deferred till the structure and its implications are finalized.

The items for the “Permanent Secretariat – Formal Registration process” and “Proposed Structure of the Permanent Secretariat” have been included for discussion in the current meeting separately. Accordingly, the item on “Proposed Structure for requesting financial Support from APMCHUD Member Countries” which was deferred in the last meeting, is put up for consideration of the Bureau.

The Bureau may like to consider.
Item No. 7 : Proposed Structure for requesting financial Support from APMCHUD Member Countries

(Item No.3 of 2nd meeting of the bureau of APMCHUD)

As decided, the Government of India is providing the initial support for operationalisation of the permanent Secretariat at New Delhi, however, with the proposed organization of the permanent Secretariat and for other actions as proposed in the Action Plan and the Tehran Declaration, a significant corpus would need to be established. In this regard, guidance were sought from the UN-Habitat for contribution from the member countries and other donors for such inter-governmental bodies. Based on the guidance provided by UN-Habitat and the norms of United Nations followed in this regard the normal contribution breakup for the members of UN is attached. Further, out of the same, considering only the countries in the Asia Pacific Region, the break up of contribution have been worked out and is also placed.

It is proposed that based on the organization structure to be approved by the Bureau in the previous items and budget requirement accordingly, we may solicit the contributions of the member countries for APMCHUD. Further, we may request countries to also make further contributions for the corpus as they deem appropriate.

The Bureau may consider.

D.O. No.APMCHUD/2ND BUREAU/2008
June 7, 2008

Excellency,

The Permanent Secretariat of the Bureau of APMCHUD is grateful for the extensive support and guidance provided by UN-Habitat towards the initiatives of the Asia Pacific Ministerial Conference on Housing and Urban Development.

As decided during the Conference, the Permanent Secretariat is now in the process of its formal registration and other facilitating arrangement, for which we have requested for the guidance and support from UN-Habitat relating to the formalities that need to be completed for legal establishment of such inter-governmental bodies. We look forward to the inputs from UN-Habitat in this regard.

Further towards generating resources for the operations of the Permanent Secretariat, we have solicited the support of the multilateral agencies like ADB, World Bank, UNDP, KfW etc. towards which a meeting of their local representatives was also convened recently. We have also constituted a focal group of the representatives from the local missions of the bureau member countries in line with the process followed by the UN-Habitat. We have already have held a series of meeting of the focal group.

The Permanent Secretariat would also request the guidance relating to the process and modalities of the contributions to be made by the member countries towards the setup, possibly on the UN pattern or some alternative arrangements that could be suggested by the UN-Habitat for raising resources for such bodies created under the aegis of UN_Habitat.

We look forward to your continued kind support in making this mechanism a vibrant entity towards effectively addressing the common objective of sustainable development of human settlements in the Asia-Pacific region.

With kind regard

Yours sincerely

   Adopted in Tehran on 14 May 2008
ACTION PLAN FOR REGIONAL COOPERATION ON
PROMOTING SUSTAINABLE URBAN DEVELOPMENT
AMONG ASIA-PACIFIC COUNTRIES

Background

The Asia-Pacific region is undergoing a vibrant economic transformation with a number of countries recording remarkable economic and social gains. Increased national investment capacities and the growing influx of foreign capital together with vast technical expertise are facilitating accelerated economic growth in many parts of the region. Home to 60 per cent of humanity, the region has vast human resources promising further potential for growth and development. At the same time rapid urbanization in the region is further enhancing the role of cities as engines of economic growth. Economic growth is already enabling massive reforms and innovations in the delivery of housing, infrastructure and services in countries across the region.

However, a lack of appropriate linkages between economic development and urbanization threatens environmental, social and economic sustainability in the region. Indeed, the region continues to face critical challenges of sustainable urbanization including poverty and inequality, proliferation of slum settlements and natural disasters. Bringing together 69 countries, APMCHUD offers a unique framework to address these regional challenges through collaborative efforts and the sharing of experiences and best practices. The second APMCHUD in particular was intended to identify concrete regional actions to promote sustainable urbanization through associating growth with equity and identity.

A number of challenges related to sustainable urbanization were considered by the conference including: the need to upgrade slums and dilapidated housing stock; the provision of basic urban services especially water and sanitation; enhancing the affordability and quality of low-income housing, and disaster risk reduction, mitigation and reconstruction in view of the vulnerability of the region in this regard. It was agreed that every effort should be made to prioritize these key areas so as to reduce overall poverty and inequality in cities and other human settlements across the region. The importance of heritage, identity and culture was underscored, and the challenge of balancing technological progress with local norms, values and traditions emphasized.

Some of the operational considerations that were taken into account include the principle that the right to adequate housing will only be realized if public funds are injected in the housing sector and well targeted. The same applied to questions of infrastructure, public-private-partnerships, progressive cost-recovery and community participation. All these were considered within the overall commitment to accelerate the achievement of the Millennium Development Goals.

The conference proceeded to undertake an in-depth consideration of each of the key facets of sustainable urbanization and agreed on the following key messages and actions:

1. Urban and Rural Planning and Management

Key messages
a. An integrated, participatory and inclusive approach to urban and rural planning and management should be adopted at all levels in the region.
b. Countries within the region that are able to do so are called upon to assist countries that do not have adequate resources in strengthening capacities for rural and urban planning as well as management.
c. Comprehensive strategic plans prepared at national levels should reflect local needs and community aspirations.
d. Cooperation among countries of the region should be strengthened for mitigating the impact of the climate change on cities, particularly in coastal regions, and adapting urban infrastructure to better protect vulnerable human settlements.
e. Recognizing the serious challenge facing the management of large cities and metropolises, governments of the region are called upon to cooperate in the formulation of appropriate tools for good governance in them.
f. Countries of the region are urged to promote public-private partnership to leverage resources and increase efficiency in the delivery of basic services.

**Actions**

To carry out a feasibility study that will address:

a. Capacity building for integrated, participatory and inclusive planning at national and local levels.
b. The exploration of traditional and indigenous architectural values and urban planning and their incorporation into contemporary architecture and planning.
c. The harmonization of spatial plans and policies which transient national boundaries including those on the effects of environment change.

THE DELHI DECLARATION

The Delhi Declaration on the establishment of the Asia-Pacific Ministers Conference on Housing and Urban Development (APMCHUD)

We, the Asia-Pacific Ministers responsible for housing and urban development, meeting in New Delhi, India, on 15th –16th December 2006, to consider the challenge of housing and urbanization in Asia and the Pacific;

Recognizing the urgency of the global shelter challenge as emphasized in paragraph 56(m) of the World Summit 2005 outcome document, on the need for the provision of increased resources for affordable housing and housing-related infrastructure, prioritizing slum prevention and slum upgrading, and to encourage support for the United Nations Habitat and Human Settlements Foundation and its Slum Upgrading Facility;

Welcoming with satisfaction the recognition of the shelter challenge at the same level as water, energy, health and biodiversity in the World Summit on Sustainable Development (WSSD) declaration and subsequent the focus by the Commission for Sustainable Development (CSD) on water, sanitation and human settlement, as the first entry point in implementing the Johannesburg Plan of Implementation (JPOI) and delivering the Millennium Development Goals (MDGs);

Recalling the Second United Nations Conference on Human Settlements held in Istanbul in 1996 and the Habitat Agenda which addressed the two themes of equal global importance: “Adequate shelter for all” and “Sustainable human settlements development”;

Recalling further the 1994 Cairo International Conference on Population and Development (ICPD) which recognized that the process of urbanization is intrinsic to economic and social development;

Encouraged by the successes as well as the catalytic roles other Ministerial bodies have played in their respective regions;

Noting that the Asian-Pacific Region is emerging as a major contributor to the global urban transition, holding 61 per cent of the global population and 43% of the world urban population;

Noting also that this rapid urbanization is an irreversible process that poses challenges far beyond the management capacity of governments, local authorities and other institutions, but also offers opportunities that need to be harnessed;

Aware that the region is gradually growing into a power-house of the world economy accounting for over half of the world's growth since 2001, much of which being domestically driven;
Cognizant of the fact that poverty in terms low income; poor health and education, low access to basic services, deprivation in knowledge and communications, is widespread in the Region;

Cognizant also that a sizeable segment of urban population in the Region is living in slums;

Cognizant further that the region has one of the poorest coverage in terms of sanitation among all regions;

Conscious of the linkages and the interdependencies between rural and urban areas and the importance of balanced territorial development strategies to promote synergies between towns, cities and their rural hinterlands;

Realizing that sustainable housing and urban development has a crucial bearing on the quality of life of all people in terms of their economic, social, environmental and cultural well-being;

Aware of the fact that the growing urban poverty and its increasing incidence among women require gender sensitive approaches to sustainable urban development;

Recognizing that the rich diversity in culture, tradition, language, religion and civilization in our region is the collective strength which can be used for constructive partnership for exchange and for the achievement of the common goal of sustainable housing and urban development;

Recognising further our common pursuit of social development, which aims at social justice, solidarity, harmony and equality within and among countries and their implications for human settlement development;

Noting that political will, decentralization, good governance and the empowerment of national and local authorities as well as the adoption of inclusive processes of decision making are fundamental to addressing the housing and urbanization challenges in the Asia and Pacific Region;

Noting further the close linkage between rural and urban areas, wherein the need to promote urban amenities in rural areas is critical for balanced development;

Noting also the special circumstances of Pacific island nations and small island states that require a different perspective in urban management and planning;

Cognizant of the Enhanced Framework of Implementation of Sustainable Urbanisation in Asia-Pacific:
1. Express profound gratitude and appreciation to the Government of India for the efforts made in convening and hosting this inaugural conference leading to the launch of the Asia-Pacific Ministers’ Conference on Housing and Urban Development (APMCHUD);
